

Test Equipment: Sales, Service and Calibration

PRESS RELEASE

5th March, 2008

TRIO Smartcal Pty Ltd is pleased to announce the joint merger partnership with Calibration Services Australia Pty Ltd (CSA), a subsidiary of FE&E Pty Ltd.

TRIO Smartcal Pty Ltd has for over thirty years been Australia's leader in the supply of equipment, technical support and service to the Electronic and Electrical Test & Measurement industry.

With NATA accredited Laboratories that are fully compliant with the Quality Assurance requirements of ISO 9001:2000 and ISO/IEC 17025 TRIO Smartcal guarantees our customers a level of service that will meet the most stringent client specifications.

Representing some of the most respected manufacturers of Test & Measurement equipment in the world including Agilent, Yokogawa and Ideal, TRIO Smartcal can now provide even more customer service and support throughout Australia with offices in Sydney, Brisbane, Adelaide and Melbourne.

For over thirty-five years the FE&E group, from its head office in Melbourne, has established extensive international technology ties in thermal processing and engineered products for the manufacturing and research industries. With over 90 staff – engineers, skilled technicians and with a strong customer focus - it is active throughout Australia, New Zealand and in South-East Asia.

This merger has significant benefit for our customers by adding pressure and dimensional metrology to our NATA scope in the field of Measurement Science and Technology.

The extra resources and expertise of TRIO Smartcal will provide customers with the focus and dedication to quality service and products that is second to none.
